REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the limitations of "...said locking mechanism further includes: a twisting means for inducing a twist between said forward member and said rearward member as said forward member is moved to the extended position; and a second stop spaced rearwardly from said first-mentioned stop behind which said enlarged part is received and then twisted circumferentially as said enlarged part engages said first-mentioned stop..." in claim 8 and the limitations of "...a rear provided at a rearward end of the projectile: wherein said rear includes a spinning mechanism which spins the projectile after firing in one spin direction..." and "...said connection is respective mating threads on said portions of said rearward and forward members which have a thread direction opposite to that of the spin direction so that after firing the spinning mechanism causes said forward member to be threadably moved from the contracted position to the extended position..." in claim 9 are all not found in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
